

IT Infrastructure Datacenters Congress 13/10/2016

8.00 - 09.00	<i>Registration & Coffee & Welcome Words</i>	
	Plenaire zaal	
09.05 - 09.10	Welcome Words (Eric Piers - Director FEE)	
09.10 - 09.35	Keynote: Hosted voice reshapes corporate telephony infrastructure (Cameoglobal)	
09.35	<i>Overgang parallele sessies</i>	
	HARDWARE (Plenaire zaal)	SOFTWARE / HARDWARE (Aula zaal)
09.40 - 10.05	Optimise Passive Optical LAN (POLAN) (Christos Birbilis, EMEA IBDN Product Marketing Manager, Belden on behalf of Microton)	Siemon end-to-end modular design for High Performance Data Centers (Alberto Zucchinali , RCDD , Siemon)
10.05	<i>Overgang parallele sessies</i>	
10.10 - 10.35	The Diesel Rotary UPS (DRUPS) and its integration in "Uptime Institute Tier" architecture based Data Centres (Yves Jansen - Euro Diesel)	Data Center Visibility (Chris Bihary, CEO/Co-Founder of Garland Technology on behalf of CN Rood)
10.35 - 11.05	<i>Contactopportunities & Coffee Break</i>	
11.10 - 11.35	UPS's in IPRB Configuration (Dario Mazzoleni ferracini - GE)	TCO considerations for a modular data centre (Johan Claes, ICT Room)
11.35	<i>Overgang parallele sessies</i>	
11.40 - 12.05	IoT, Edge Computing, Big Data – Creating the Next Wave in Data Center Innovation (Joris Verdickt, Schneider Electric)	Solving top operational problems in the connected world (Allot Communications on behalf of Heynen)
12.05	<i>Overgang parallele sessies</i>	
12.10-12.35	Maximum efficiency and flexibility for small and medium sized data centers (Mario Van Bever, Business Development Manager Rittal)	Future of Fiber and Datacenter Connectivity (Mr. Kennedy Miller / Mr. Richard Budd - Kannegieter/Brand-Rex)
12.35 - 13.35	<i>Contactopportunities & Walking Lunch</i>	
13.40 - 14.05	Infrastructuur voor datacenters, efficiëntie door schaalbaarheid, uptime door redundantie (Erik Adriaenssens, Cebeo)	Draka WideCap wideband multimode fibre, the next solution for short-distance, ultra-fast transmission data systems (Adrian Amezcua , Prysmian / Draka)
14.05	<i>Overgang parallele sessies</i>	
14.10 - 14.35	Belang fysieke afscheiding in DC, MxC of VDI (Régis De Clerq, Minkels)	European Data Centre Infrastructure Standards – EN 50600 series (Rob Cardigan, Senior Product Manager Nexans)
14.35 - 15.05	<i>Contactopportunities & Coffee Break</i>	
15.10 - 15.35	Driving Efficiency, Cost Savings and Business Value in the Data Center (Rogier den Boer, Commscope)	Fire security systems for today's datacenters. Principles and best practices (Olivier Kachel, Director Strategic marketing DEF)
15.35	<i>Overgang parallele sessies</i>	
15.40 - 16.05	3M Data Infrastructure and Data Center Solutions (Andrés García)	Netcell: The rack system for perfect cable management in high-availability data centers (Stefan Meffert, apra-norm Elektromechnik GmbH on behalf of Microton)
16.05 - 17.00	<i>Contactopportunities & Reception</i>
