

Program IT Infrastructure Datacenters congress 19/10/17			
09.00 - 10.00		Registration & Coffee	
	(Meeting Room Andromeda)	(Meeting Room Aula) 1st floor	(Meeting Room Saturnus) 1st floor
10.05 - 10.30	Adiabatische koeling, een hype of de nieuwe standaard? (Gaétan Decaluwe, Account manager BELUX - Thermal Management / Vertiv Benelux)	-	-
10.30 - 10.35		Overgang parallele sessies	
10.35-11.00	Bekabeling in een datacenter: koper- en glasvezelbekabeling (Dirk van Moll , Dätwyler on behalf of Microtron)	Colocated Hybrid Cloud (David Louis - Interxion)	-
11.00 -11.30		Contactopportunities & Coffee Break	
11.35-12.00	Emergency standby Power Solutions (Eneria)	High Density Solutions For Data Centers (Matthias Jungbeck, Product Line Manager and Engineering, Easylan)	Networking beyond the next phase (Danny Krieger, Senior Networking Sales Engineer DELL EMC)
12.00-12.05		Overgang parallele sessies	
12.05-12.30	Innovation At Every Level: The Next Generation UPS & Cooling in your Datacenter (Luca Loreggian, Product Manager for Schneider Electric Chillers and Room Cooling)	Timing and synchronization and MPO connector inspection and cleaning (Benny Polleunis/Timmy Louis, CN Rood)	Is your industry ready for the VR revolution? (Kjell Geurts, Client Solutions Sales Specialist)
12.30-13.30		Contactopportunities & Walking Lunch	
13.35 - 14.00	Latest developments in the field of NBN EN 50600 standardization: The new European standard is complete! (Niek van der Pas – Chair Dutch NEN Standard Committee “Computerruimten en datacenters” / Lead Data Center Expert Minkels)	Fibre cabling in Data Centres: LC connectivity strikes back! (Joost Grillaert, Nexans Cabling Solutions)	Managing and operating in a modern datacenter (Eric De Witte, Advisory Cloud Platforms Specialist, Dell EMC)
14.00-14.05		Overgang parallele sessies	
14.05-14.30	The Internet of Things and its impact on the Physical Layer (Maurice Zetena, Vice President Data Center Technology on behalf of Kannegieter)	Diris Digiware, monitoring & measurement tool for optimizing the power consumption of your datacenter (Xavier Mercier, marktdirecteur datacenters Socomec)	Data Centres for the Future? (Lee Funnell, Director of the Fiberoptics Industry Association on behalf of Saifor)
14.35-15.05		Contactopportunities & Coffee Break	
15.10-15.35	Infrastructure for data centers: Maximum uptime & increased efficiency . From planning to execution (Erik Adriaenssens , CECEO)	Next Generation Data center interconnection (Lex Wils, Innovation Officer, Eurofiber) - NL	-
15.35-15.40		Overgang parallele sessies	
15.40-16.05	Edge Data Center Solution (Koen Van Hende, Rittal)	Infrastructure with Intelligence Business continuity, lower costs and optimal operational performance for software defined data centers. (Rory Higgins, Eaton)	-
16.10-17.00		Reception
